Mr. Ron Johnson
Johnson, Inc.
168 3rd Avenue
Park Falls, Wisconsin 54552

Dear Mr. Johnson:

We have reviewed information about your project to discharge fill material in an unnamed wetland. The project site is in Sec. 14, T. 40N., R. 1W., Price County, Wisconsin.

We have determined that this waterbody is subject to regulation by the Corps under §404 of the Clean Water Act because it is part of a tributary system to the Flambeau River. The drainage from the project site flows through a culvert system as shown on the attached drawing or map.

If you disagree with the enclosed jurisdictional determination, you may provide new information or appeal the jurisdictional determination. Please follow the directions in Section D of the enclosed Notification of Administrative Appeals Options and Process and Request for Appeal.

The decision regarding this action is based on information found in the administrative record, which documents the District's decision-making process, the basis for decision, and the final decision.

If you have any questions, contact Denise G. Blackwell-Kraft in our St. Paul office at (651) 290-5357. In any correspondence or inquiries, please refer to the Regulatory number shown above.

Sincerely,

Robert J. Whiting
Chief, Regulatory Branch
